### Sharen Hogarth Hogarth's Lawn & Garden

Hi, my name is Sharen Hogarth. I'm married to Richard Hogarth. I moved to Moosomin from Redvers in 1989 to begin my hairdressing career. That lasted until 1990 when I applied at MacLeod's for a job. November 10, 1990 I was hired and like the saying goes..."the rest is history". Lots of history, close to 31 years working there with lots of changes.

I have been fortunate to work with a great team of people.

In 1999 my husband decided he would like to start a business of his own. He was working at Foodworld at the time but wanted to start his venture by cutting grass at the school grounds and that idea of his took off.

I try to keep the books and billing in order for Hogarth's Lawn and Garden and help him when I can.

In my spare time I work at Strive Fitness Centre 1-2 evenings a week and spend time with family. We have a daughter, Aimee who lives in Grand Coulee and has two boys (our grandsons) and our son Kyle lives here in Moosomin.

### Rose Mullett Mullett's Home Hardware

Rose has been involved in retail hardware since 1984, when she and her husband Robert purchased the Macleods store in Langenburg. Owning their own store was certainly a challenge in the 80's with high interest rates reaching upwards of 20%! But with hard work, growing pains, and gaining knowledge, they persevered. Langenburg was a great community where they started raising their family of 2 daughters, Lindsay and Kalea. After 3 years, they wanted to grow their business, so they purchased the Macleods store in Moosomin in October of 1987, and operated it for 10 years until Macleods went bankrupt and was purchased by True Value. Ten years later, they became RONA, and 11 years later they made the switch to Home Hardware in Feb. of 2019. The family-owned business has been a great venture, and Rose enjoys working with her staff, especially the long timers, Sharen, Debbie, Lorne and Sherry, who collectively have been with them for over 95 years!! Rose enjoys seeing their regular customers and meeting new people.

Moosomin has been a great supportive place to work and to call home. But the time has come when inevitably, retirement is on the horizon, and they're hoping to find a new family who would like to carry on their hardware legacy in Moosomin.

### Sandra Garrett The Witch's Brew

Hi all, I'm Sandra Garrett.

I grew up in Maryfield Sask, but I have lived in Moosomin for 30 years. Moosomin is my home town. To tell the truth, this is not where I thought I would be all those years ago, but I can't imagine living anywhere else now! Moosomin is the town where my husband Trevor and I have raised our son, and built a life.

In 1997 I was given the opportunity to complete the Apprenticeship program through SIAST and receive My Red Seal Journeyman in the Cooking Trade (Red Seal Chef). When Trevor and I decided 15 years ago to take a chance and open The Witch's Brew, it was a very big asset to have the knowledge from my training to bring my dream to reality!

Initially I was thinking it would be only a small coffee shop with some desserts. Boy was I wrong! Over the past 14 years we have evolved from drink, desserts and one daily lunch feature into a full service daytime restaurant with catering and private functions available for evenings. Witch's Brew has surpassed all expectations I initially had.

We know for certain that we wouldn't be where we are today without our family and our customers!! The support we get from our town, surrounding towns and rural area is nothing short of amazing! Supporting our local business helps us support our local fundraisers, local sports teams, and local events! Thank you everyone for your support.

### Amy K Hudacek REALTOR® eXp Realty Ltd.

Howdy South East Sask!

The Name's Amy K Hudacek and I'm a pure blooded Esterhazian traveling the grids and towns in SE SK (when im not parked on my porch or a rink bench). I was raised by two extremely hard working people, a mix of a Yarbo farm boy & Kennedy cowgirl and they gave me the pleasure of having the most amazing entrepreneurial upbringing in Esterhazy. I graduated EHS, was inspired by Gaye Huckell to take my Communication Disorders degree in ND at MSU and slid north & west to dabble in Some Alberta Oil-field cash, before I came home when my Viking Grandmother fell ill with Ovarian Cancer. In 2018, I decided I wanted to have the life I dreamed of. I challenged borders & exams and earned my residential real estate license and later my farm. I asked myself in 2018, if not now when when is a good time to start living the life I dreamt of. It was then. I challenge my clients and friends daily to pursue their best lives and if you're going to do something, do it with passion! If I can't bring positivity, I'll bring a joke and maybe a bottle of Roscato. My switch to the largest brokerage in Saskatchewan-eXp expanded my network, has me acknowledged for top producer in Southern SK (6 times since January) and I was Honoured to have been nominated and won the Harry Janzen Award this March.

I'm looking forward to running for a SRA board position to give rural agents a bigger voice. I'm passionate about my career and the connections I make, as I'm raising my 2 sons Jep & Kip. My goal in this life is not only to leave a legacy to my sons but to SE Sask. It's an honour every time I get to be the first personality that can show people this is SE SK.

### Carol Glasser Glasser's TV Service Ltd.

Glasser's TV Service moved to its Main Street location in 1978. When asked what she does in the business, Carol Glasser, who runs the family-owned business with her husband Wayne and son John as well as her granddaughter Nequita, smiles and admits, "Everything!" She has a dynamic and challenging job; staying on top of the constant evolution in technology and communications keeps her job fresh and exciting.

Glasser's has also been investing in the community's work force for decades; they employ a staff of twelve, many of them young people. Every year there's some turnover, "I like the people," she says. "Just seeing the business work." Since almost everyone these days needs a cell phone or internet services, Carol also gets to meet a lot of the new people in town.

Cell phone evolution: Bag phones - not everyone saw value and now no one can be without it; Flip and Brick phones; Smart phones for talk, text and email; Smart phones that all are your home computer. The last 30 years has gone from needing a home computer, land line phone and fax, to using your cell phone for everything, phone, email, camera, computer and all communication.

We have also seen a change from the rotary antenna (4 or 5 TV channels) to cable TV to satellite dishes. Now some of our customers use only the internet for their TV.

Due to labour shortages we now have 1 foreign worker, which has worked out very well for us.

Carol loves to travel and loves spending time with her grandchildren. Glasser's offers televisions, cameras, computers, cell phones, car audio, and gaming. Carol and her staff look forward to seeing you soon! We are looking forward to the upcoming season of our latest Apple line up. All Apple products are available to us.

### Hannah Herman Owner Haven Clothing

Haven Clothing was established in September of 2022. Hannah is the owner of the business and has one employee that works for her, Melissa Bruvold (Manager) and is currently looking at expanding her team.

## Shelley McGonigal Pipstone Hills Golf Course

Hello! My name is Shelley McGonigal, and I'm the clubhouse manager at Pipstone Hills Golf Course here in Moosomin. I moved here from the family farm just outside of Wapella about 26 years ago. Coming from a cattle and grain farm taught me hard work as everyone had a job to do and that's just what farm life was - we all pulled together as a family to get the work done. It had its good and bad days but I wouldn't change it for the world it's what made me who I am today. I married Cory McGonigal and had 3 wonderful children who always kept us running year round with sports and recently have started fostering a very special girl.

Running the clubhouse was a very different career change for me as coming from being an insurance broker. I have had many jobs from being a cook on the family farm, waitress, working at a drug store, working in materials management at the hospital, running a in home daycare, working in a daycare, insurance broker to now a clubhouse manager. I feel that each job I had I learned something that I now use being a manager. The farm would definitely be the most as this is where I learned from an early age that hard work pays off and I truly learnt from the best - my parents.

Pipstone Hills Golf Course is a beautiful 9 hole course located in the valley just south of Moosomin. The views are spectacular which makes going to work that much more enjoyable. We are a very busy place with many tournaments, mens and ladies league as well as a seniors league. I love getting to know the members and feel that I have established great relationships with most over the past four years. I also love meeting new people that come to the course and love hearing the positive feedback of their experience visiting our course. I always hear they will be back again which is what every business wants to hear. We offer good homemade food even for the ones that just want to come out and eat. They love the atmosphere out here and the staff. This year I had 9 staff members on board which is the most we have had so far. I have been blessed with having the most wonderful staff with over half of them that work for me at the Nutrien Sportsplex in Moosomin as well. This job wouldn't be possible without them and their dedication over the last four years. It's just a great place to be all around, good food, friendly staff, beautiful course and fantastic views.

When I'm not working you will find me trying to sneak a round of golf in, camping, kayaking and spending time with family and friends. It feels great to be a part of such a great community in the town of Moosomin. Very proud to call Moosomin home.

## Rolna Pranke RE/MAX Blue Chip Realty

Sixteen years ago, I began my real estate career with RE/MAX Blue Chip Realty. A lot of changes have happened in the industry over the years. Continuing to learn and adapt to those changes is essential.

Our brokerage has offices in Yorkton and Estevan, but my office has always been in my home in Moosomin. I am so thankful to have the flexibility to work from home.

My husband Bernie and I have lived in the area our entire lives and I can't imagine calling anywhere else "home". When asked how long I've lived in the area, I'm proud to say "I was born here." My clients appreciate having someone who is rooted in the community.

I'd like to give a huge thank you to my clients, family and friends for their continued support in making my business a success.

Buying or selling real estate doesn't have to be stressful or confusing.

## Gayleen Gurr Pampered Chef

I started selling Pampered Chef products in April of 1998. At that time, the company was only two years old with an awesome product. I wanted to work for myself and this was a good way to do that! I also felt there was a gap in the area for this kitchen product and I wanted to fill that gap. Since 1998 the product line has expanded to include everything from basic cooking to pantry items, to entertaining and to include small appliances.

I've built a team of 10 independent consultants that I've helped to start their own business. I have consultants from B.C. to Manitoba.

I really love being able to see my consultants succeed. It's really neat when they have a financial goal they want to reach, like buying a new car or paying for their kids' sports, and they make enough money through Pampered Chef to be able to do that! It's so nice to see them succeed, and you also make some awesome friendships along the way.

Bert and I live in Langbank with our very pampered pet cat Blackie. I enjoy gardening, spending time with family, cooking, and volunteering with my church in Kipling and with the Moosomin Armoury. I am here to help you with all your kitchen needs, if you need anything don't hesitate to call.

## Samantha Down Whippetree Coffee & Maid Marien's Catering

Food to me is the essence of human connection. Sharing our stories and experiences over breaking of bread is what brings us together as people. No matter where you come from or where you are going, you are bound to get hungry. I love being the bridge to that need.

My passion for preparing and serving great food started at a young age on the farm outside of Whitewood with my Grandmother, who has been one of my biggest inspirations. I loved finding my role in my large family as the "nourisher." I found talent in my adolescence as someone who could bridge my creativity and love for hard work, and turn that into a rewarding career.

Catering and serving coffee in Esterhazy has brought amazing fulfillment to my life, this is the place where I began and I'm happy to make it the place where I have ended up.

Maid Marien's catering specializes in large events and custom menu work, and Whippetree coffee is the best spot in town for an excellent fresh scone and cappuccino with sandwich or salad for lunch.

Come see us at Whippetree in Esterhazy, Monday to Friday 8 am - 4 pm; Saturday 10 am - 3 pm.

## Pat Siemens Pat's Pictures

Hello. I am Pat Siemens and I operate a small Photography business known as Pat's Pictures out of our home. I was born and raised in Brandon, Manitoba but now married for over 20 years and residing near Kola, Manitoba on a farm with my husband and 2 boys.

My passion for photography started in high school. So here I am, 32 plus years later, I still have the same passion and it continues to grow. As a photographer, I have participated in courses and seminars to keep current and that will always be an ongoing process.

I have seen many changes in photography over the years with the advent of digital photography. It has become as much art as simply photographing portraits. I'm still a firm believer in quality portraits that belong on the walls, over mantels, and also in our wallets.

Pat's Pictures has evolved from wedding and family photography to now including school portraits, sports teams and individuals, graduations, passport pictures, and event photography. A huge thank you goes out to my devoted clientele and many wonderful people that I've met and continuing to meet. They keep me passionate about my photography which makes me continue to strive to deliver quality.

## Cherrie Caliwag

### Tim Hortons Moosomin

Hello! My name is Cherrie Caliwag, and I am a Restaurant Manager at Tim Hortons Moosomin location. I graduated with a degree in Bachelor of Science & Computer Science at Technological Institute of the Philippines. My ultimate dream was to become a Dentist but something has changed along the way and led me to another profession. As the eldest of three, I am the breadwinner of the family and became a working student of a service crew to help my mother to support me and my siblings to finish our studies. After graduation, I became a professor, teaching major subjects in my alma mater, but my passion for food and the service industry gives me more opportunity in restaurant service. I worked as a manager of a number one quick service restaurant in the Philippines (Jollibee) for more than a decade.

I migrated to Moosomin in 2018 with my husband Nathan and two kids (Cyd and Casey). I am currently one of the worship singers at River of Life Church every Sunday at 11 am.

I think one of the main things that motivates me to go above and beyond for customers is knowing that I'm helping them to make a difference in their lives. Working here can be a rewarding experience, allowing you to interact with customers, serve delicious food and beverages, and be part of a team. Whether you're a beverage person, cashier, or part of the kitchen staff, there's a sense of camaraderie that comes with being part of the Tim Hortons family. It's a place where you can develop valuable customer service skills and create lasting memories with coworkers and customers alike. I am grateful that Moosomin and near by town areas are very supportive with the projects that help the community achieve their goals.

I am blessed that I have a supportive and appreciative owner that values their employees and always make us feel like a family.

## Rita Herperger

### Orenda Healing

Rita Herperger, Owner and Holistic Therapist of Orenda Healing in Stockholm, Sask. is described as an empathetic, compassionate, non-judgmental, and caring woman, who has taken these qualities and expanded her knowledge to address the needs of all. To this end, she has created a holistic approach in her practice, which helps her to help others build from a foundation of self-love; growing and experiencing life from a more positive perspective.

Classically trained as a Social Worker, Rita noticed that talk therapy/counseling by itself was not always effective in helping clients reach the root of their issues, where true healing must begin. She started her own healing journey in the middle of her own burn-out through sessions with a world-renowned Psychic Medium, in addition to traditional counselling. From there Rita followed her heart-she received training in Yoga—Kids, studied card reading, started meditating, became a Counseling Hypnotherapist, Mindfulness Coach and Reiki Master Teacher. She also opened herself and accepted her gift as a Psychic Medium.

Identifying as a Holistic Therapist, Rita integrates traditional psychological tools and strategies with spiritual energetic healing practices to create a personalized, holistic approach to healing for her clients. Rita's unwavering belief in the interconnectedness of the mind, body, and spirit as the foundation to overall wellness, super-charges her passion to help all people to be the highest version of themselves.

With close to 20 years of experience as a registered social worker and counsellor, she is honored to include clients from across Canada, South Africa, UK, Brazil, and the US among her list of clientele and looks forward to including you in this list of healing!

## Jolene Toder

### JT Interiors Design Group

Hi!! Jolene Toder, the owner and operator of JT Interiors Design Group. With over 20 years of experience in the business, I've had the pleasure of working with clients all across Canada with online or in-home consultations, helping them bring their interior design dreams to life.

At JT Interiors, the focus is on providing a range of services tailored to meet each client's unique needs. Whether you're starting a new build, embarking on a renovation project, or seeking professional organizing packages, I have the expertise to guide you through the process seamlessly. My aim is to create spaces that are not only visually appealing but also practical and functional for your everyday life.

I'm excited to offer 3D and Virtual Reality visualization, which allows you to have a virtual experience of your dream home before any construction takes place. This innovative tool not only helps you visualize the final result but also enhances communication with tradespeople, ensuring that everyone is on the same page throughout the project.

One area where I specialize is custom cabinet design, particularly for kitchens and bathrooms. I have a passion for crafting designs that are both stylish and accessible, ensuring that your space not only looks beautiful but also accommodates your specific needs. In addition to lighting selection and placement, as well as furniture planning and placement, I believe that every element in a space should work together harmoniously to create an inviting and comfortable atmosphere. Aging in place with universal design to accessible homes have been gaining more in popularity, this is a passion of mine. Having a son with special needs created a challenge to make an accessible design that doesn't look institutional. As more and more people decide they don't want to leave their homes, we need to find ways to make them thrive in their own environment. It should be no surprise then that my favorite work vacation is always the International Kitchen and Bath show and the International Building show in Vegas. It is 4 days of the most amazing technology, designs, and creativity under one roof.

One question I'm frequently asked is, "When should I involve you in my project?" My answer is always the same: "At the beginning." By involving me early on, we can save time, money, and avoid unnecessary frustrations. With a well-thought-out plan in place, we can tackle your project efficiently and effectively. And with the help of 3D and VR technology, we can ensure that your vision is clearly communicated to all involved.

Outside of my work, I'm also a proud mother of four amazing sons. Over the years, I've traveled across Canada, supporting them in their sports endeavors and work-related travels. It's taught me the importance of balance and adaptability, as I've often found myself working on my laptop from arenas, gyms, and hotel rooms, while cheering them on. I truly am blessed to have been able to work from anywhere and not miss out on my kids' important events. Even today as they are spread from Winnipeg to Red Deer AB, I can still catch a hockey game or a family road trip. Here's to another great season for the amazing ACAC Champions!! Go Kings Go!!!

## Chelsea Stewart

### Audiologist House of Hearing

House of Hearing opened in January 2022 and is a hearing clinic that provides a wide variety of hearing services and solutions. Chelsea Stewart is an audiologist who provides hearing services to individuals 4 years and older. Services include hearing evaluations, earwax removal, hearing aid fitting and servicing, custom earmolds and hearing protection, employee hearing screenings and more!

Chelsea graduated from the University of Western Ontario with a Masters of Clinical Science degree in Audiology in 2014. Chelsea's business is located in Esterhazy, SK. She provides on-site services in Rocanville and Broadview, Saskatchewan. She offers on-site services for companies looking for employee hearing programs or in-home services for patients who are unable to access hearing services (i.e. patients in care homes or patients who are unable to travel). Chelsea is licensed to provide services in Saskatchewan and Manitoba and can directly bill Workers' Compensation Board, Department of Veterans' Affairs, Non-Insured Health Benefits for First Nations and Inuit and Supplementary Health.

During Covid, Chelsea's husband started a new position in Esterhazy. She had two kids and was on maternity leave with her third child from the Saskatchewan Health Authority in Regina. Unfortunately, audiology positions in rural Saskatchewan are limited. As a mother of 3 young kids with a husband on shift work, a long commute was not an option for her. While she was on maternity leave, she started researching if it would be feasible for her to open her own audiology clinic in Esterhazy. She started by reaching out to people in the community to see if there was a need for hearing services. The answer was always yes. As a result, House of Hearing was born!

Chelsea's passion for audiology was in the public sector and she absolutely loved her job as an audiologist with the Saskatchewan Health Authority. If she changed to private practice, Chelsea knew she needed to be in control of the services she provided to her patients. Chelsea has always been passionate about providing services to people in rural Saskatchewan, as she has seen firsthand the strain on patients travelling to Regina for services and the stress it caused for many families. Entrepreneurship was the best way for her to provide honest and caring service and help close the gap for individuals needing hearing services in rural Saskatchewan and Manitoba.

Chelsea's greatest strength is her natural ability to help and care for others. She provides honest and trustworthy recommendations, listens to her patients, and explains everything along the way. Chelsea thrives on connecting with her patients and their families. Her ultimate goal is helping her patients stay connected and making their hearing journey as easy and stress-free as possible. Chelsea treats her patients like family and goes above and beyond to find the best solution for their hearing needs. House of Hearing offers a variety of advanced hearing technology and is flexible in making hearing accessible to all.

Chelsea is a true extrovert who loves being around people. When she isn't spending her time at House of Hearing, she loves watching her children's activities, playing sports, and spending time at her family cabin at Buena Vista, Saskatchewan.

"To be a successful business owner you do not need to have a background in business, sales, finance etc. I was an audiologist who loved what I did and wanted to make an impact and help others. I knew I wanted to provide great patient care and have the flexibility to be an involved mom to my kids. Everything else, I have learnt along the way."

## Billie Johnson

### Paperclip Cottage Café

I was born and raised in Cypress Hills and went to work in the oil patch for over a decade before I moved back to Kipling, where my mother was raised. This is where I wanted to raise my family, in small town Saskatchewan.

My mom, Ellen Johnson, is a Red Seal Chef. When the empty paperclip house on Main Street came up for tender, they wanted to put something in it because it is famous, and she decided that this town needed a little something, and that is how we ended up with the restaurant!

My mom and I started out running the restaurant as partners, and she has since retired, but everything in the Paperclip is based on her vision. Everything is homemade. The business is built on my mom's recipe for fresh bread every day, homemade cakes, pies, desserts, salads, soups and custom baking. On that fresh bread we make our famous cottage sandwiches. I also do catering, from weddings to grads, to barbecues to special occasions, plus I am a custom baker, so I can do pies, cheese-cakes, cakes, etc.

We opened our doors in April 15, 2010 - 13 years ago. The house was built in 1912 and the house itself is famous, so us being here gives people a reason to come in and take a look! Plus we have become known for our great food!

I still love the cooking, the baking and the people. I love the fact that there were a lot of young staff who got their first start here. Now, I have my right hand person, Dorothy Kovach, to help me. We get pretty much four hours of absolute crazy around here every day!

We are open from 9 am to 3 pm on weekdays for breakfast and lunch each day. We are closed Saturday and Sundays as well as closed January 1st - until the end of February for winter.

I love this community and all the work I get to do in it!

## Katja McCord Sole Much Better Foot Care

I started my career as a Paramedic in 2001 followed closely by being a Licensed Practical Nurse in 2003. I have lived in many places throughout Saskatchewan from northern to southern villages/towns/cities.

Feet are taken for granted! They are with us 24/7 but are often neglected until it is too late. We may get dry, cracked skin, corns, calluses, fungal infections, ingrown nails, planter fasciitis and maybe even wounds. Over the years, through nursing, I have helped individuals in a nursing home or hospital setting which made me realize that preventative care is needed.

I started Sole Much Better Foot Care in 2019 to help those in my community and surrounding area take that step in putting themselves first and receive Nursing Foot Care. Working with healthcare colleagues, Physicians and Podiatrists, referrals are exchanged to give you the best possible outcome. In 2021, I gained my Pedicure Technician certificate which gives me the opportunity to provide a broader range of foot care treatments. I treat corns, calluses, dry and cracked feet, thick nails, ingrown, fungal, toenails in need of reconstruction, diabetes and more as part of my Advanced Nursing Foot Care. I provide spa pedicures with or without nail polish, paraffin wax treatments, leg/foot massage, all ages are encouraged to come, and side-by-side pedicures can be arranged. In 2022, I completed a course to offer Thai Foot Reflexology & Massage. This is a treat to allow yourself to relax for an hour. I also do manicures, but at the end of September I will be able to provide structure gel and building gel options for fingernails.

Referrals and you returning for treatments mean everything to me! I know that I have your trust and have provided a great quality of care. The best part of my job are the smiles and thank-yous I receive after. Two clients I will never forget are a lady who took her walker and started pacing in her house with continued thank yous. She had not been able to walk well prior due to the condition of her nails. The second was during a client's first visit with me I found a wound in between his toes. He knew there was something there but because he was unable to see he didn't realize the severity of it. He was referred that day to his family physician.

I look forward to meeting you for one of my treatments. [www.solemuchbetterfootcare.ca](http://www.solemuchbetterfootcare.ca) has more information about my products and treatments. I can be followed on Facebook and Instagram.

## Clarissa Gravelle Exhale Yoga Moosomin

Meet Clarissa Gravelle, the heart and soul behind Exhale Yoga Moosomin. Originally hailing from Northern Ontario, Clarissa found her new home in Moosomin in 2018. From the very beginning, she was captivated by the warmth and diversity of this welcoming community, and it didn't take long for her to call it home.

Yoga has been a constant companion on Clarissa's life path for nearly two decades. It played a pivotal role in maintaining balance during her academic pursuits and her years as an oilfield engineer. However, the birth of her son ignited a desire for change. The dream of becoming a certified yoga teacher had always lingered in her heart, and at that moment, it felt like the stars had aligned. She took the leap, completed her teacher training, and found herself on a new quest to share her love for yoga with her community.

In a world increasingly dominated by virtual experiences, Clarissa firmly believes in the power of personal connection. She recognized that something vital was missing in their lives - the in-person yoga experience. When she learned that Shirley's Sewing Room was closing its doors, it was as though destiny had paved the way. With unwavering determination, Clarissa launched Exhale Yoga Moosomin, envisioning a space that would be both inviting and inclusive, welcoming yoga enthusiasts of all levels.

But Clarissa's journey didn't stop there. Her passion expanded to encompass prenatal and mom-and-baby classes, an area close to her heart. She sought to enhance the local support network for expectant and new mothers, nurturing a sense of community and empowerment.

Clarissa is grateful for the opportunity to share her love for yoga with her community. Her journey as an entrepreneur and yoga enthusiast reflects her commitment to nurturing and expanding Exhale Yoga Moosomin's offerings to meet the evolving needs of her community. In Clarissa's hands, yoga is not just a practice; it's a gift she shares, a connection she fosters, and a journey she invites you to embark upon.

## Erin Gurney Erin's I.D.A. Pharmacy

It has been just over 3 years since Erin Gurney opened her pharmacy - Erin's I.D.A. Pharmacy in Esterhazy at 422 Main Street. July 2, 2020 was day one and since that day, the support they've received has been remarkable.

For those who don't know Erin, she was born and raised here in Esterhazy and now resides just outside of Tantalton with her husband Aaron, and their three children: Layne, Laityn and Maveryk. In addition to operating a successful grain and cattle farm, Erin and Aaron had a dream to one day own a small-town pharmacy.

That dream was made a reality and in July of 2020, the doors opened to Erin's I.D.A. Pharmacy. In the three years that have gone by, they've never regretted taking the chance at ownership. After graduating in 2011 from the U of S with a Bachelor of Science in Pharmacy degree, Erin came back to Esterhazy to start her career.

She has always enjoyed working in the community she grew up in and has welcomed the opportunity to be a part of the healthcare team for so many amazing people. "Every interaction is important and taking the time to really get to know our patients is a priority, always."

Not only do we want to provide exceptional patient care, but we want to offer a comfortable environment where people are free to ask questions as well. And for those who prefer, we have a private counseling room that is always available." Erin and Aaron have given back to the community in many ways over the past two years. "It's important to show our support for our local community and the organizations in our area. There are so many amazing activities and events that go on and we want to continue to see that happening! We are grateful to be able to give back in any way we can, whenever we can!"

## Jill Dowling Iron Prairie Strength Lab

Hi! I'm Jill Dowling, the owner and Head Coach of Iron Prairie Strength Lab, located at 506 Moose St. in Moosomin.

Before moving to Moosomin with my husband in 2020, I'd been competitively and recreationally involved in CrossFit for 10 years, and have been coaching for the past 5 years.

When we moved to our new home, I decided to pursue my passion for fitness and started coaching out of our house & yard. I had our daughter in 2021, and really wanted to support other female athletes having babies, so I completed my Pregnancy and Postpartum Athleticism Certification at that time as well.

Since I've been coaching in Moosomin, it has been a dream of mine to build a welcoming community of fitness friends in a room bigger than my laundry room. There are some amazing members of this community, and their kindness, generosity and belief in my ability to help them achieve their goals has made this all possible!

When I'm not in the gym, I can be found hiking with my family, listening to podcasts, and reading (as much as is possible these days), but mostly, you can find me at the gym!

## Britt Lawson Corbett, B.Sc.

Director, Marketing & Communications  
Four Seasons Sales

After a seven year period as an entrepreneur in luxury retail, Britt returned to corporate marketing in 2019 with a new opportunity at Four Seasons Sales. Headquartered in Virden, MB, Britt felt, "the timing and opportunity couldn't have been better. I had sold my business, and this was a chance to return to a team atmosphere and build a department at an organization that was growing quickly. They are also a group that is extremely involved in local communities, and that gives me a great sense of pride."

Now the Largest RV Dealer in the Prairies, Britt has seen the dealership locations double from two to four, and the marketing department grow to a group of six, all while navigating the upheaval of a global pandemic.

"As a department, we obviously support our sales, service, and parts teams all year round, but our biggest project is the indoor RV shows that take place in February each year. From planning to execution, it's a fast paced labour of love across three provinces, and when we get the opportunity to work closely with other departments and interact directly with customers."

Currently an MBA student at the University of Regina, Britt will graduate from the program in 2024. "Continuing to learn is really just a part of who I am, and I've been able to integrate many of the ideas and concepts directly into my work. Originally from Brandon, Britt and her husband Jason moved to his hometown of Virden in 2009. With two little boys to raise, you can now find both of them at the rink, the ball diamond, or a meeting pertaining to one or the other. ## Kari Kosior

Kari's Kloset

Kari comes from Virden, Manitoba where she graduated from high school. After receiving a diploma in Business Administration, Kari began her career in fashion and retail as a sales associate with Ricki's in the Brandon Shoppers' Mall. She aspired to own a clothing store of her own someday and dreamt of moving back to a small town to make this dream come true. After gaining several years managing in the field she met Jeannie Waterman, which later connected her to buying the building where JayLyn's Boutique was located in downtown Moosomin.

15 years later, Kari's Kloset is well known for its great service, its great displays and for its large selection in ladies clothing, footwear and accessories. Her social media and online business is flourishing. Kari's "Friday Live" on Facebook has become well known over the last couple years. Kari loves working with her clients, working on visual merchandising and doing the buying and ordering for the store. She has made so many amazing relationships along the way with her customers, sales reps, and fellow business colleagues.

She never dreamt part of her job would entail taking "selfies" and writing as many captions as she does for her online posts, but she has grown to appreciate any opportunity she has been given to connect with her customers near and far.

## Andrea Balon

Best Cellars

I consider myself very fortunate to have my career with Best Cellars - House of Spirits in Kipling. I have been working at the store since it opened in 2017, and was promoted to Store Manager 4 years ago. I get to spend my days doing what I love. I have such a passion for the business - creating the displays, promotion of the store through events and mostly the interaction with customers, suppliers and staff. Many times, there are customers who comment on the quaintness and uniqueness of the store, this is what makes me thrive. When new customers come in, I am happy to offer a store tour and perhaps a product sample.

Born and raised in Saskatchewan, I grew up in Alida, went to school in Oxbow and moved to Kipling in my early twenties. I had many jobs along the way - nanny, waitress, lifeguard, store clerk, and painter just to name a few. I am the proud parent of 2 wonderful kids who are now venturing out on the start of their own adult lives.

In my personal time I surround myself with family and friends. I enjoy going to the gym, golfing, paddle boarding, shopping, and taking care of myself with beauty pampering.

Kipling is a fantastic place to live and work. It is a tight-knit community where people go out of their way to lend a helping hand. It is great to see all of the familiar smiling faces and know that I have played a role in that smile.

## Kara Kinna

The World-Spectator

I grew up in the Estevan area and graduated with a Bachelors Degree in Journalism and Communications from the University of Regina in the spring of 2002 and started working at the World-Spectator in the fall of that year. After only a few months of covering Moosomin and the surrounding area as a reporter, I grew to love this area and knew it would be my new home!

After a few years of full-time reporting and getting to know this area of Southeast Saskatchewan and Southwest Manitoba inside and out, I moved more into the business end of the company, doing sales work and book work. Today I continue to do sales, books, and some reporting (my true love) when I can!

I'm a busy person, but in the free time I have, I love to be outside. I enjoy gardening and yard work, as well as travelling, reading, swimming, and visiting family.

Since then I have also obtained my National Academy of Sports Medicine Personal Training and Group Personal Training Certifications and Youth Exercise Specialist Certifications, Fitness Yoga Instructor Certification, FMS-Level, TRX STC and the Pain Free Performance Specialist Certification amongst other smaller courses and certifications. I am also now the lead for the Fitness Industry Council of Canada - Saskatchewan Coalition. In my spare time I continue my love for biomechanics of movement training my horses and taking lessons in dressage and am also the 4-H General Leader for the Twin Valley 4-H Multi Club.

At our facilities we offer gym memberships, Personal Training, Small Group Training, Team Training, Yoga and more and enjoy all the friendships made with our members. When we opened our gyms I had no idea that we would create such amazing communities and safe places for people to become healthier versions of themselves mentally, physically and emotionally. I found my calling moving permanently into the industry and bringing on an amazing team of staff to help us make the communities we service healthier. We are a place that helps people with their mental health, chronic health conditions, pain and so much more. I love that we are able to be a part of making our communities healthier and that we can change someone's life for the better when they walk through our doors.
