# Asessippi Ski Area and Resort

## Who says the Prairies are flat?

Are you ready for a good time? Well, you don't have to travel far for resort-style winter fun! Pack up the kids and your gear and head for Asessippi Ski Area and Resort, a short drive north of Russell, Manitoba.

Featuring 26 runs, three lifts, and two terrain parks for skiing and snowboarding, plus a downhill snow tubing park with four downhill lanes, there's lots to explore!

Last season, Bluesky Mush, a dogsledding company from Churchill, was added to our list of activities. They are joined this year by Asessippi Kiteboarding as well as Airborne Asessippi, a company that will offer ultralight rides.

For those not athletically inclined, there's the Winter Village. The food court offers a wide range of healthy options—salads, soup of the day, daily lunch specials, burgers and pizza and so much more!

The Powder Keg Pub has received some new décor updates but we kept the panoramic windows that offer a beautiful view, perfect for watching the skiers fly down the runs,

as you enjoy a cocktail and a delicious meal from our newly revamped menu!

There are a number of fireside lounges, and shoppers can peruse the Trail's End Gift Shop; in the lower level of the chalet there's a full rental and pro shop, so you'll be fully geared up for your day on the slopes.

The resort features a number of annual events, several of which are designed especially with families in mind, complete with fireworks on both New Year's Eve and the February Family Weekend.

Asessippi Ski Area and Resort has become one of the most sought-after venues for couples saying

their "I Dos" and offers beautiful locations and outstanding service, not only in summer but in winter as well!

Be sure to check [www.asessippi.com](http://www.asessippi.com) for additions and updates.

Accommodations are available in the neighboring communities, and a contact list is available on the website as well.

Who says the prairies are flat? We will see you on the slopes!

Sledding in the Asessippi Parkland

# Asessippi Parkland invites you to play

It's cold out there! But for many, the ice and snow are simply an excuse for winter fun!

The Asessippi Parkland is one place where you can play this winter.

The biggest draw to the area is the Asessippi Ski Hill and Resort. With between 80,000 and 90,000 visitors a year, the resort is a winter playground.

Featuring 26 runs, three lifts, and two terrain parks for skiing and snowboarding, plus a downhill snow tubing park with four downhill lanes, there's lots to explore at Asessippi Ski. There is also a resort village at the bottom of the hill with ski and snowboard rentals, a large food court, gift shop and pub.

Second to the ski hill, one of the biggest draws to the Asessippi Parkland area each year is the annual Lake of the Prairies ice fishing derby. The derby will be held on February 25 this year, and boasts a first prize payout of \$10,000.

Lake of the Prairies is a popular fishing spot in the summer and is just as popular for ice fishing in the winter, when the lake is covered in ice shacks frequented by avid fishing enthusiasts. Both Manitoba and Saskatchewan fishing licenses are valid on the lake, as the lake is considered a border lake.

The area also boasts 400

kilometres of groomed snowmobile trails and 12 kilometres of groomed cross country ski trails at Moose Lake. The snowmobile trails in the area connect with the trails system in Saskatchewan for riders looking to cross borders.

For those partaking in winter activities, hockey tournaments, or other events in the area, there are

plenty of places to stay. The Russell Inn is a popular location for those planning to ski at Asessippi, and there are numerous other hotels and motels in the area that can accommodate people in the area for different reasons.

Whatever your reason, make the Asessippi Parkland one of your winter fun destinations this season!

Skiers enjoy a winter day at the Rocanville cross-country ski trails.

## Cross-country ski trails available at Rocanville

Whether you're looking for sport, fellowship, exercise or an opportunity to enjoy the outdoors during a Prairie winter day, the Rocanville Cross-Country Ski Club fits the bill.

Since 1995, when area resident Dennis Hack cleared some trails on his farm located two miles south of Rocanville, cross-country ski enthusiasts have strapped on their skis and ventured into Saskatchewan's winter landscape.

Since then, the club has developed into an organization regular members, while many more non-members also take to the nine-kilometre groomed track through the winter.

Even those without skis are included. The Rocanville Cross-Country Ski Club's clubhouse amenities provide everything you need for a day of skiing. The club has all different sizes of boots and skis for rent at low cost, and a wax station to prepare your skis for the day's travel. Payment is based on the honor system.

The clubhouse also has a wood stove for warmth, comfy chairs, and hot chocolate and marshmallows.

The club's trail system contains a variety of tracks, from flat easy-going paths to more challenging hills and coulees. The route winds through bush, providing shelter from a chilly winter breeze.

Club member Dennis Hack with the groomer.

And, because the club has a facility for all ages and skill levels, the whole family can get involved. While older children can make their first attempt at cross-country skiing, younger ones can be pulled behind an adult in a sled or toboggan.

The trails are groomed to provide for classic or skate skiing.

You can get more information from the club's executive members or by calling the Rec Office in Rocanville.

## Catch some local hockey action!

If you love a good hockey game in front of a local crowd in a rural rink, there are a number of great teams to watch this winter in Southeast Saskatchewan and Southwest Manitoba.

For Manitoba Junior Hockey League action, head to Virden where you can watch the Virden Oil Capitals compete against other MJHL teams. The team boasts a wide fan base, and draws from a large talent pool, with hundreds of people packing the stands at Virden's beautiful new recreation centre, Tundra Oil and Gas Place.

Senior hockey is very much alive and well in rural Saskatchewan and Manitoba.

Both the Moosomin Rangers and Miniota-Elkhorn C-Hawks compete in the North Central Hockey League, with the Rangers taking the NCHL championship in 2016 over the C-Hawks in the final. The Rangers play their home games at the Communiplex in Moosomin, and are sure to be contender for the NCHL title again season. The C-Hawks play their games in Elkhorn and Miniota. The Virden Oil Kings have also iced a team again this year in the NCHL.

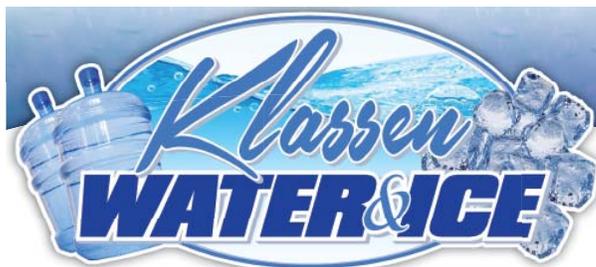

To catch the C-Hawks, Rangers, or Oil Kings at a home game in Elkhorn, Moosomin, or Virden check out the NCHL schedule online at [www.northcentralhockeyleague.ca](http://www.northcentralhockeyleague.ca).

Senior hockey action is also alive and kicking in the Triangle Hockey League where the Rocanville Tigers will take on seven other evenly-matched teams in THL action. The Whitewood Orioles and Esterhazy Flyers are also part of this league. For local game times, visit the THL's website at [www.trianglehockey.ca](http://www.trianglehockey.ca).

The Wawota Flyers are also back at it in the Big Six Hockey League this season, after winning the Big Six championship in 2016, promising great senior hockey action in a league where it's anybody's game on any given night. The Redvers Rockets also play as part of this league. To check out local game times go to [www.bigsixhockey.com](http://www.bigsixhockey.com).

[bigsixhockey.com](http://bigsixhockey.com).

So go ahead—bundle up, head on down to the rink, buy yourself a burger and a hot chocolate at the local concession and enjoy the game!

# PotashCorp Sportsplex now open

Moosomin's new PotashCorp Sportsplex is now open, offering sports simulators, a walking track, bowling lanes and pickle ball courts. The sports simulators include different golf courses from all around the world, and many other sports and games.

The facility includes food services and a bar.

Moosomin recreation director Mike Schwean says the facility has seen a lot of use since it opened this fall.

"It's been really busy," he said. "The men's and ladies' golf nights have started up and a lot of people are coming out for those."

"We have lots of Christmas parties booked through December, some for businesses and some for families."

If you want to book a sports simulator, it's best to call ahead, especially on weekends.

"Friday and Saturday evenings are booked up with Christmas parties, and we have lots of families calling about bookings over the

holidays," says Schwean.

"It's started better than we expected. Mens night has taken off, the walking track is popular, the

bowling alley is popular, pickle ball is proving popular—it's fantastic. The sportsplex has been well received."

# Moosomin outdoor rink well used

In the town of Moosomin—where indoor ice time is quickly booked up by hockey, figure skating, and other events each season—there is an outdoor rink for people to enjoy during the winter months.

Moosomin's outdoor rink was built a few years ago as an answer to the lack of time for public skating and shinny at the Communiplex, the town's indoor arena.

Since then the outdoor rink has been a busy place, used frequently for games of shinny and by children who just want to have some fun on the ice.

The outdoor rink is 160 by 170 feet and located in Bradley Park, just behind the Communiplex on the south end of town.

Conceived, built, and maintained by volunteers, the

ice is reserved for public skating and shinny, and was built with wind breaks so skaters are more comfortable on chilly days. There is also a heated building on site for skaters to change into their skates or just warm up in, and the ice is cleaned regularly by a Zamboni.

The rink is lit at night so that skating can continue into the evening.

If there is an event on at the Communiplex, adjacent to the outdoor rink, there is a concession available inside the Communiplex for snacks and drinks.

The outdoor rink in Moosomin is open to the public completely free of charge.

If you are looking for some free public skating in Moosomin, strap on your skates and join the fun!

Riding the Tri Valley Trails

## Got a sled?

# Ride the beautiful Tri Valley Trails

If you like to make the most of winter on the Prairies by hopping on a snowmobile and spending your day sledding, then you're in luck.

The Tri Valley Trails provide 300 kilometres of snowmobile trails in the area, linking three scenic valleys—the Pipestone, the Assiniboine and the Qu'Appelle. The trails run from south of Moosomin up north to Spy Hill, west to Tantallon, and east into Manitoba where they link up with Manitoba's SnoMan Trails. On the west side, the trails link up with the Esterhazy snowmobile club's trails, allowing riders to continue riding right up to Yorkton.

The trails are fully groomed, with warmup shacks along the way, and all of the trails are marked, making for safe riding.

Any snowmobile licensed in Saskatchewan also has their trail pass covered in Manitoba, and vice versa, allowing licensed snowmobilers to ride between provinces on one license.

It's a great way to ride, and it's not uncommon for

snowmobilers to see deer, moose, coyotes and other wildlife along the trails.

Warmup shacks are located at Moosomin, Rocanville, Welwyn, and Spy Hill, and are stocked with firewood for those wishing to take a break and build a fire. There are also signs along the trails for local businesses who support the trails system, many who provide services to snowmobilers, such as meals, repairs, and accessories.

While a membership in the Tri Valley Trails club is not required to ride the trails, buying a membership for only \$50 a family is a great way to support the trails system and the club so that the trails can continue to be marked and groomed in the future.

For those who love their snowmobile derbies, Tri Valley Trails host a large and successful snowmobile derby every year in early March which acts as a major fundraiser for the club.

For more information on the trails, visit the Tri Valley Trails website, which is regularly updated, at [www.trivalleytrails.com](http://www.trivalleytrails.com).

# Conexus Convention Centre, Communiplex a hub for winter activity

Every winter, the Conexus Convention Centre and Communiplex in Moosomin are a hub of activity.

The Convention Centre was designed to be a multipurpose facility, and it has truly hit the mark. Once winter arrives the facility plays host to a ton of events, from public gym nights to gymnastics and air cadets, and many, many private bookings such as trade shows and entertainment events.

For those looking for some indoor public skating and shinny time, both are available at the Communiplex throughout the winter. Skating and shinny times can be found on the Moosomin Parks and Rec website at [www.moosomin.com/parksandrec](http://www.moosomin.com/parksandrec).

River Hockey is also available to children who want to play hockey without the pressure of league play. Kids can sign up for river hockey any time of the year, and shinny style hockey is played every Saturday morning.

For adults wanting to indulge in a little bit of rec hockey there are options. Men's rec hockey is played each week. Times vary each week, but these programs are open to any adult.

The Communiplex is also a great place to catch a local hockey game—be it minor hockey or a game between the town's senior team, the Moosomin Rangers, and one of their opponents in the North Central Hockey League.

Schwean says the Convention Centre is also well used by community groups, such as the gymnastics club, the air cadets, and adds that renting it for birthday parties has also been a big hit.

The Convention Centre and outdoor rink are fairly

recent additions to Bradley Park, and Schwean says everything has worked out the way the town hoped, with the entire facility humming with activity on a regular basis.

"It's exactly what we planned, it worked out perfect," he says. "It's busy all the time."

"It's not so much a revenue producer as it is pay-back to the community—lots of different groups have been able to use it."
