Dear Santa,

I think I could be an amazing hard working elf for hire. Another reason why I want to work there is I really want to meet Santa so this is my big chance! The first reason I would be a great elf is because I make toys! I design some toys in my spare time and make some crafts too. It's really fun! The second reason I'm a great elf for hire is I could feed the reindeer. Every day I feed myself so it would be easy to feed another type of animal. So hire me please! The last reason is I could clean most of the north pole. Sometimes I do my chores in my house, like doing the dishes and cleaning the whole house. Those are all the reasons I would be a hard working elf. Please hire me Santa!

Your friend, Tanner.

Why Santa should get a high-tech automatic sleigh

I am so tired of leading the sleigh. I am going to ask Santa if he can get a hightech automatic sleigh this Christmas. I am getting tired of leading Santa's heavy sleigh. Santa does not think it is a good idea to get a high-tech automatic sleigh! I think Santa should get a high-tech automatic sleigh so we can just sit in the back with him. I am getting too old to fly in the front. It is freezing in some places and others I sweat badly! There has to be another way!

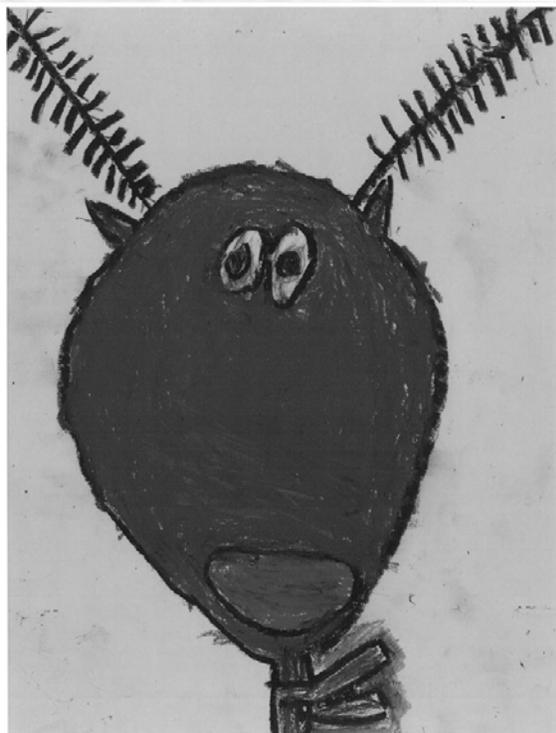

First reason he should get a high-tech automatic sleigh because he can get to houses way faster than us! Since we have to fly all over the world the high-tech automatic sleigh can get him to every house in seconds and can get back before Mrs. Claus makes breakfast! If it is computerized Santa can just press a button and type in the address and he is there!

Second reason why he should get a high-tech automatic sleigh is because he can fit way more presents in it and does not have to control the reins, Santa can just sit back and relax until he gets to the houses. Us reindeer are getting tired of going back and forth every year, but the high-tech automatic sleigh will not get tired of going back and forth every Christmas! The children all over the world will like the high tech automatic sleigh because it can get them presents way faster than reindeer.

Third reason why Santa should get a high-tech automatic sleigh because he can get to the cookies and milk way faster. Then he will not get hungry on the way back to the North Pole! All of us reindeer are all getting tired of pulling the heavy sleigh around the world. The high-tech automatic sleigh is so strong. It will be able to pull the sleigh everywhere! We do not have to go down to put magic on us before the trip. The high-tech automatic sleigh runs on candy canes. Santa can just drop them in the engine and go!

Finally why I think Santa should get a high-tech automatic sleigh is so he does not have to untangle the reins or put them on us. He can just go with the high tech automatic sleigh! I think that we should get a high-tech automatic sleigh for Santa for Christmas. All of us reindeer think it is a great idea!

Speed-Deer

Hi, it's me Rudolph, why don't you just get a high-tech automatic sleigh? There is one on sale right now at Canadian Tire, and all of us reindeer are tired of pulling your giant, heavy, red sleigh every single Christmas. Also it might be fun (not saying us reindeer aren't fun!) Also you won't be lonely we will be hanging around (we will be hanging on to the back of the sleigh).

I think that you should get an automatic so he can give us a break (Dasher, Dancer, Prancer, Vixen, Comet, Cupid, Donner, Blitzen, and of course the most wonderful reindeer of all, me, Rudolph.) Some kids will think an automatic sleigh is cooler (I also think that), and it will be faster and more fun!

First, you should get the automatic sleigh so you can give us a break for one year (or more). It's very hard to pull a giant sleigh in only one night. There is only nine reindeer and it gets really tiring (I want to see you try it, trust me it's hard). The automatic sleigh was built for people to use so we can get to use it.

Second, some kids would think it's cooler (mostly every kid). Some people don't believe in reindeer's magic to fly (which is pure evil) but with an automatic sleigh more people will believe in you (which you want right?) Third, it would be more fun, and it would go a lot faster. Just saying you would get more houses done, and still have plenty of time to eat cookies (which I know you LOVE).

This is why you NEED to get a high-tech automatic sleigh.

Sincerely,

Dasher, Dancer, Prancer, Vixen, Comet, Cupid, Donner, Blitzen, and of course me Rudolph.

What Christmas means to me

To me Christmas means that you get to spend time with your family and relatives. Another thing that Christmas means is Santa. He is a big part of Christmas. He delivers all of the presents in one night. Christmas trees are also a big part of Christmas so then when Santa comes he can put the presents under the tree. The last thing that I can think of is Christmas is the birth of Jesus.

A Christmas Story

'Twas the night before Christmas, Nancy slipped a present for her son Alex under the Christmas tree. Alex is 17-years-old, he doesn't believe in Santa anymore. Alex decided to go outside for fresh air and a flash of light raced across the sky. Sick! thought Alex. He heard a loud bang after so he walked to the next neighborhood and there in a dark alley was...Santa Claus! Beside him was a big, shiny, bright red Santa sleigh!

"Sir, are you alright?" he called out. "Yes, yes I'm fine thank you for asking young man, that was very kind of you," Santa replied.

"Who are you? Wait! Are you Santa...no I must be out of my mind. Santa's not real!" Alex said.

"Here's proof that I'm Santa...your name is Alex, you're 17-years-old, when you were six you asked for a super man action figure, and this year you asked for a video game," said Santa.

"It's really you!" Alex exclaimed.

The end.

If Santa were stuck in my chimney

Last night was Christmas Eve. I heard a big yell. It sounded like Santa. The voice said, "Ho, ho, ho can some one help me?"

I ran to the fireplace. "It's SANTA!" I happily screamed. I saw Santa's head. "Are you stuck in my chimney?" I asked.

"Yeah could you please help me?"

"Sure," I told him. I went on the top of the roof and pushed him down. He got down safely. I said, "Good night." Before you leave, every Christmas after this one you can use the front door," I explained.

"Ho, ho, ho Merry Christmas," Santa yelled.

The end!

Dear Santa,

Firstly I would like a skate board please. I've been very good to my siblings this year and they've been really good to me too. I still have six people in my family. But I don't know what they want for Christmas. Though wait yes I do. I know what my brother Olin wants for Christmas. He wants a pellet gun and I want to know how many elves do you have and also can you send me a picture of what your village or yard looks like please?

I also would like a bike, a snow block maker. Last, but not least I want a electronic not a tablet though, because my brother already has one. Anyways one more thing could I also please have a science kit. Any science kit one that has all the stuff for science like cool things that a scientist would have. Suggestion, also could I please have a bike for Christmas. Oh and we will still leave you turtles and eggnog on Christmas night and yes if you are wondering will everything be the same I can answer that question yes it will all be the same as every year.

Jingle Elf-December 10th

Help! Santa is considering shaving off his beard, and turning it into a mustache! We need to convince him not to! I don't think this is a good idea at all. If he does all the children won't know who he is without his beard. His beard keeps him warm during the cold winter months. He will also have to shave way more if he shaves his beard. This is very bad!

First, the children won't recognize him without his beard! All the children see him in many places, such as books, movies, and many more. Imagine what would happen if he shaved his beard, Santa would come on Christmas night, and the children would be confused of who he was. He can't shave his beard.

Second, his beard keeps him warm, in the cold winter months. He would freeze if he shaved off his beard. His chin would be cold, his cheeks would be cold too. He definitely wouldn't be warm anymore!

Third, Santa would have to shave more! Santa is busy enough, if he shaved his beard he would have to worry about his beard growing back. He doesn't have enough time to shave! But, you know Santa he is all about good looks, he would spend half of his day styling his mustache. Santa needs to be checking his lists, and keeping the elves in line. This can't be happening!

Lastly, this is not a good idea! Santa will be as cold as an icicle, he will have to keep up on his shaving and the children won't know who he is! If Santa does shave his beard, so much could go wrong, I must stop Santa! Can you help me?

Sincerely,
Jingle Elf

Need an elf

Santa down here! I am a strong, helpful, quick elf. My name is Twinkle! I love helping people out. Santa pick me please, I can help you too, Mrs. Clause. Santa I help old and young people and I know you are pretty old. I love to work with little children. I can pack the sled or make toys. I can lift all your heavy gifts. Santa I see that you need help, so pick me! I am so strong you will love my help. So hire me!

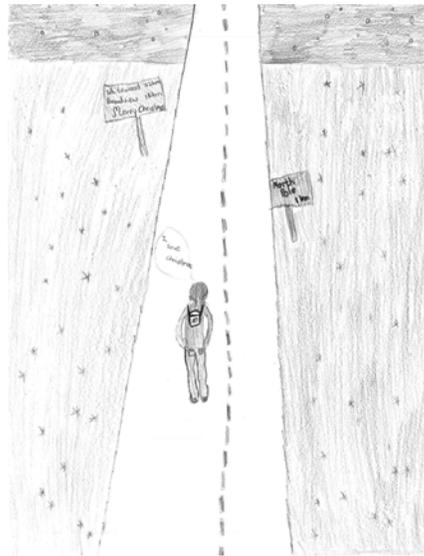

Firstly I am strong because I can help you pack the sleigh, lift HEAVY, HEAVY presents and do lots of chores. I have lifted kids up on the ice while skating and I can even lift two adults like you and Mrs. Claus. I have worked on a reindeer ranch before with lots of chores.

Secondly I am so helpful, so pick me! I am helpful because I love working with old people, love making new friends, and I can cheer someone up real fast. I love running errands for people also!

Thirdly, do you need an elf who gets work done? I can wrap presents in five seconds, bake cookies hot and fresh for in the sleigh to go, make toys in five minutes, and load the sleigh in 10 minutes. I am quick because I can run faster than the reindeer, run a marathon in 20 minutes and I have won a marathon 10 times so far.

Santa I think you should pick me because you are low on helpers. I am strong, helpful, and quick, so I'm the girl for you. Santa, please, PLEASE, PLEASE pick me! You won't regret it if you do pick me!

If Santa were stuck in my chimney

Yesterday Santa came while I was sleeping. But he didn't come in so I walked outside and saw his sleigh and reindeer but not Santa. But I heard a noise. It sounded like this boink. So I ran inside to the chimney. It was Santa! I went outside again and climbed the house I yelled and tried to pull Santa up but it wasn't working. So I tried and tried. It still didn't work and I tried again. It worked so I got milk and cookies then he flew away. The end.

Dear Santa,

Another reason you should get a new sleigh is because your current sleigh is 2,018 years old!

Santa, imagine if your delivering presents and your 2,018 year old sleigh breaks down. The new HIGH-TECH-SLEIGH is super comfortable. Yes, it may take a while to break in but when you take your nap before the big night, you can have your nap in the totally awesome sleigh you're going to get!

We say again bad cramps, a new sleigh couldn't hurt, right?

We also have other reasons:

1. We get bad cramps.
2. IT'S 2018 FOR PETE'S SAKE.
3. The sleigh is two thousand eighteen years old.

Santa, this whole letter is just a distraction by this time we have a stolen your credit card and purchased the sleigh. Sorry.

Love Ava, Cupid, Comet, Blitzen, Dancer, Prancer, Vixen, Donner and Rudolph

Ava T
Grade 5J
MacLeod Elementary

Ava, Cupid, Comet, Blitzen, Donner, Dasher, Prancer, Vixen, Donner, and Rudolph here. We have had a meeting and decided that it is time you get a HIGH-TECH-AUTO-MATIC-SLEIGH!

Us reindeer have been getting cramps lately from practicing for the big night and we're sick of cramps!

We think that it is time for you to upgrade. It's 2018 soon to be 2019 for Pete's sake! It's going to be better for everyone. The only negative is that you will have to learn how to drive. (I volunteer to teach Santa how to drive-Comet) (Comet will teach you)

We believe that an automatic sleigh might be nice. Hey all we're saying is unless you can think of a better, cheaper way we will NOT participate with Christmas this year.

The other idea we had did not involve an automatic sleigh, it involves a parachute. It's too complicated to explain on paper, but Santa you're very smart so we think you get the idea.

Since there is nine of us writing this letter, some of us are looking at HIGH-TECH-AUTO-MATIC-SLEIGH'S! (There is a nice deal at Walmart.) The deal at Walmart is \$1,000,000 and we think that's the best deal ever!

We will still be there on Christmas so you won't be lonely, we will be dangling in the back.

Peace Be With You

May your heart be light with peace, joy and contentment at this special time and all year.

Thank you for the generosity and kindness you have shown in 2018. We wish you all a beautiful holiday!

If Santa were stuck in my chimney

Today it was Christmas eve and I couldn't fall asleep so I just sat up in my bed and waited to see if I could hear anything. For a little while I couldn't hear anything but a couple minutes later I hear a big bang and then a loud scream, "Ahhhh." When I heard the scream I jumped out of my bed and ran downstairs and yelled, "Anybody here?"

A little while later I hear a jolly voice that sounded like Santa that was wailing, "Help! Help! Help!" After I heard the wailing help I looked up the chimney and saw Santa in the chimney. So I decided to try to push Santa out the chimney but that didn't work so I grabbed a ladder, went on the roof and tried to pull and cut off the chimney and it worked. But when I was saying good bye to Santa I saw that the back of his pants were burnt I told him but luckily our house was his last house so he told me that he'll deal with it when it when he got home. Then he lived happily ever after.

The end.

Christmas Stories

One Christmas the children put up a Christmas tree. They put wings on it. The family waited for Christmas day. When they came into the living room the next morning, the tree was gone!

"Oh no!" said Leah, "What did you do to the Christmas tree Quinn?"

"I didn't do anything," said Quinn.

"Santa will not give us any presents. We will have to find it."

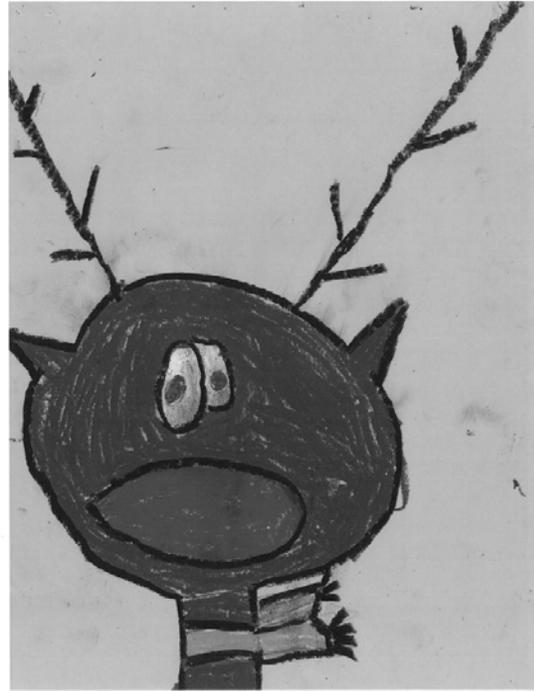

The family went outside and found it flying in the backyard!

"Come back here tree," said Leah, but the tree kept going.

"I am worried," said Leah. "Tomorrow is Christmas and it is going to be ruined!"

The family convinced the Christmas tree to come back inside and put it back where it belonged. Santa still gave them presents. The kids played with them and they were awesome. Christmas wasn't ruined after all!

Lose some weight

Santa I am writing to you regarding your weight. You need to lose some pounds. Perhaps go on a diet and get a treadmill or an exercise bike. Soon you won't be able to get down the chimney. Santa lose some weight, okay.

Santa you need to get an exercise bike so you will have more energy and Christmas deliveries can go twice as fast. It will be like 1936 all over again. You will be able to move around the North Pole. Mrs. Claus will be able to spend more time with you.

Santa you need to lose some pounds. You can't get down the chimney. When you land on the chimney, you make a thud. Your belly gets in the way. With all the presents and the extra weight you soon will have to go through the door instead of down the chimney.

Santa you need to go on a diet because we want you to live a long and happy life. You can get a six pack instead of a belly. The sleigh will move twice as fast this Christmas and with you taking up less space that means more room for presents.

Santa lose some weight. You are getting too fat. You need to get an exercise bike and go on a diet so you can get down the chimney easier. Come on Santa, you can do it!

The best tree

PICK ME! I am the tree for you. I am the best tree in the lot! I have perfect green branches. Also I am the perfect height. Last I smell like outside fresh air and sap.

First my branches are the strongest in the lot. They are as green as the grass. And they are all the same! My branches are so strong. You don't have to worry about them bending. They can hold 157 ornaments and 57 rods of lights.

Second my size is perfect. I am six feet tall and four feet wide. The perfect size to get home and set up for Christmas. You can cover me with lights and ornaments.

Lastly I smell amazing! I smell like fresh outdoor air. I refresh the place up. I also produce air for you to breathe.

In conclusion I am the best tree in the lot. My smell, size, and branches are amazing. I am way better than the other trees combined. So I am the perfect tree for you.

New sled needed

Hey Santa, you should buy a new high tech sled. The old one is so heavy and is tiring out the reindeer. A new sleigh is more efficient and faster so you can get around the world quicker. Get a new sleigh, Santa!

First, the old sleigh is so heavy. It is hard on the reindeer to pull you and all the presents in the old heavy sleigh. It is made of metal and all those toys are making it even heavier.

Second a new sleigh will get you places faster so you can get home quicker on Christmas Eve. The new sleigh will teleport you places.

Third, the new sleigh will be more efficient. It uses much less power so it will give the reindeer a break.

You need to buy a new sleigh Santa. A new sleigh would be faster, not so heavy for the reindeer and it's high tech. Think of all that extra sleep you will get when you are home quicker!

If Santa were stuck in my chimney

Today is Christmas. Santa is coming I am so excited. What is that in the chimney? "Help! Help!?" That sounds like Santa!

"Why are you in my chimney Santa?" said Brittyn.

"I am stuck, oh no!" said Santa.

"I know what to do! I will turn on the fireplace," said Brittyn.

"Hot! Hot!", said Santa.

"Santa are you okay?" said Brittyn.

"Yes," said Santa.

"Are you sure?" said Brittyn.

"Yes. I am sure," said Santa.

"Ok Santa am I on the naughty list?" said Brittyn.

"No of course not but your teacher is!" said Santa.

"Mrs Slater?" said Brittyn.

"Yes," said Santa.

"Santa?" said Brittyn.

"Yes Brittyn," said Santa.

"Why is Mrs Slater on the naughty list?" asked Brittyn.

"Because she never writes her Christmas list and she always leaves her keys in her car," said Santa. The end!

How to build a snowman

First get a small ball of snow then roll it and roll it until it is very big it will be the bottom. Then repeat the steps over again but make it a bit smaller, that will be the middle. Then do it again but make it even smaller, that will be the top. Stack the snow balls biggest at the bottom smallest at the top, medium in the middle. Then put one button at the bottom and two in the middle. Then wrap a scarf between the smallest and the middle. Then add a stone smile and eyes. Use a carrot nose and stick it in the snowman. Grab a hat put it on the top. Then grab two sticks and stick them out the sides of the middle snowball. Then you are done!

Dear Santa,

I love Christmas and I would love to be an elf. I have a lot of skills that can help everyone else. I am good at cleaning and organizing stuff. Lots of the time when a friend comes over I have to clean up their mess by myself while they are playing. I would be good at cleaning the workshop. I always try to be as jolly as I can. I always am jolly and kind. I try and encourage my family and classmates. I try to be very helpful. It would help your sleigh fly. I would be good with helping with reindeer. I have to take care of my boxer and a grumpy fat cat. I used to have a bunny and fish not any more. I would be good at decorating. I always decorate the tree with my parents. I also decorate the rest of the house. That is why I would be a good elf. Thanks Santa.

If Santa were stuck in my chimney
The day Santa was stuck in my chimney it was Christmas and Santa Claus was delivering presents to the children. Santa came out he got stuck in my chimney with his feet sticking out of the chimney. So I grabbed my iPad and went on the roof. I saw his sleigh and the reindeer. I took a picture of his reindeer and the sleigh and then I saw Santa and started to pull but it didn't work so I started to pull harder. He finally got out. We went inside and I made Santa some cocoa and some cookies. Then we got our presents and Santa went to the North Pole and lived happily ever after.

I can clean up the workshop and all the things we need to clean. I can clean because I fold the blankets and wash the dishes. I think I can design new and amazing toys for all the kids. I designed a toy with my mom and dad. I would love to design the Christmas tree. I decorated my Christmas tree and it was fun. I think you should hire me for an elf. I would love to be an elf and elves are my favorite thing about December. My elf's name is Noel and my name is Baya and I love Christmas. I can take care of you and the other elves. I take care of my brother all the time. I would like to help with the reindeer to feed and groom them. I have a small dog named Toby. I pet him and groom him. That is why I want to take care of them. I can clean the workshop if it is messy and dirty. I clean the entire house all the time and Teddy's room and my room, but my room is usually clean. That is why I should be hired as an elf I do all of this in my house.

The elf that didn't get paid

Today Santa gave me a promotion, I now get to go to Emma's house to make sure she's good. I can't wait I'm going to go super early, like November 26, but the thing is I DON'T GET PAID! I haven't gotten paid since the day I was born, 0000! I haven't gotten paid through making toys, making the candy with Mrs. Claus, fixing the sleigh and even rubbing his feet, and I still didn't get paid. I know what you're thinking, what is an elf going to do with all the money? Well, there is a really nice house in the north of the north pole. It has candy cane trees surrounding it and it smells like licorice! But it's not like I'm ever going to get it! But I'm okay knowing that, I guess my room in the workshop is okay. My bunk buddies are really funny and awesome. Hold on Santa's calling, GUESS WHAT! Santa just told me that I don't get paid because when I retire all the money I get from working, I will be able to spend it when I retire! So I will get my house. Yay!

The Missing Present

It was Christmas morning when Tod and Bob woke up. They ran downstairs. There was no present under the Christmas tree! They were in shock. Tod and Bob got their coats and mitts and ran outside. They looked everywhere but they couldn't find the present. So they were going to the North Pole.

Off they went to the North Pole to ask the elves, "Where is Santa?" The elves didn't listen. So Tod and Bob looked for Santa and found him. He was not feeling well. Santa was very sick. Tod and Bob told him, "Why don't we deliver the present?" Santa replied, "You need a lot of training."

"We will try our best," replied Tod and Bob. They did a lot of training and found it easy.

The next night it was Christmas time. Everyone went to sleep. Tod and Bob hooked up the reindeer and off they flew. It was fun! And that is how Tod and Bob saved Christmas.

If Santa were stuck in my chimney

If Santa were stuck in my chimney I would go outside in my Disney princess pj's and push. If that didn't work I would go back inside and get some water and put out the fire. Then I would climb the chimney and grab the sack of presents because that was the reason he was stuck. Then I would get him some milk and cookies and he would be off with a jolly "Ho! Ho! Ho! Merry Christmas and a happy New Year."
The end.

If Santa were stuck in my chimney

I would pull his jolly old belly. It would be too big. Then I would call the Santa patrol and his elves and his reindeer to help. Then he would be free. I will take him inside he probably is hungry so I will give him some cookies then let him go!
The end.

Christmas Stories

On Christmas Eve the elves are wrapping presents for the children. Santa delivers the presents to the children. The children's eyes are full of joy. When Santa came, he was hungry for cookies and hot cocoa. After he ate the cookies and hot cocoa, he put the presents under the Christmas tree.

New sleigh needed

Santa you need a different sleigh! The old one is way too out of style for us. It's too heavy, it is too big and it is way too rough. You need to buy a self-driving electric sleigh so that it is easier on the reindeer.

First it's way too heavy for us reindeer when we are flying. It feels like it weighs at least 600 pounds. If you bought a new sleigh, it would be lighter and it may go way faster for us. After every Christmas my legs hurt because of that heavy sleigh.

The old sleigh is way too big, Santa, you don't need that much room in the back of the sleigh. You have way too much stuff in there. If you bought a new sleigh you wouldn't need the 30 pound tool box you carry for repairs.

Finally, the old sleigh is way too rough. We hit hard on the top of every single roof. We also crash every year on the top of the Eiffel tower. If you bought a new sleigh we would be more careful and that would not happen.

Santa, you need to buy a new sleigh. The old one is too heavy, too big and way too rough. If you bought a new sleigh this Christmas Eve will be so much easier! Please consider buying a new sleigh, Santa!

If Santa were stuck in my chimney

If on one Christmas Eve night when I hear a clunk, clunk on the very top of my roof I would get my camera and wait for Santa to come.

But if I had to wait for minutes and minutes I would check if he was there and if I saw two feet and a red coat in the chimney. I would shout, "Are you okay?"

He might quiver "I am stuck and my reindeers except Rudolf have flown away."

"Oh, what should I do Saint Nicholas?" I cried

"Get me out!" Santa replied.

"Okay." So I got a quick picture and got to work. I grabbed two boxing gloves and punched Santa's bottom.

"Ouch!" said Santa.

"Sorry," I said. Then I tried to tie a rope to tie a rope to Rudolph and tie the other end to the chimney.

"Pull," I demanded to Rudolph. We both pulled then the chimney broke open.

"Yay!" we all said with glee. We all had hot chocolate and the other reindeer came back.

"Double yay!" we all called out. Then Santa went back to the North Pole and Santa never got stuck in a chimney again. The end.

If Santa were stuck in my chimney

Today Santa got stuck in my chimney. I heard someone scream, "Aaaahhhh I'm stuck! Help!!" So I ran down stairs and out the door.

It was Santa. Santa was stuck in my chimney. So I shouted out at Santa, "I'm coming to help. I just need a second I'm going to get hot chocolate and cookies."

I will be up in a second to help you!" So I ran inside and grabbed the hot chocolate and cookies. I ran out the door again and when

I did I heard someone coming downstairs but I didn't care because I was too busy with Santa. I had to go tell my sister so she could help me figure out how to get him down. So I ran and told my sister, "Come! Santa's stuck in the chimney!" and she helped me. We got Santa down with the reindeer's help. I declare, "Santa, you're fat."

Santa replied, "It's true!" We all laughed. The end.

Christmas Stories

When the children woke up on Christmas morning, they saw the Christmas tree flying!

"That is so cool!" said Leah.

"I know." Said Zack. "I want to have a ride!"

The tree landed in the snow and Leah asked if they could have a ride. The Christmas tree said yes! Leah and Zack flew all the way to Paris. Was that ever fun!

Emily Paliuk:

It is Christmas Eve and Santa and his elves were getting ready for Christmas day. We get ready too! We put lights on the Christmas tree. Then we go to bed. When I woke up I heard "Ho, Ho, Ho!" Santa was there! He gave me three hugs and flew with me back to his workshop! There were hundreds and hundreds of elves there! I said hello to my elf on the shelf. He said hi back and then Santa introduced me as a new worker. But wait! I need to get home before morning! Then all Santa's elves got the magic sleigh ready. I asked them what they had got me for Christmas. They told me that it was a surprise. We flew home across the sky like a shooting star. It took two minutes. When I got home, I went back to bed. Santa sprinkled some magic dust behind and I woke up on Christmas morning! It was the best Christmas ever!

Christmas message from Premier Scott Moe

Roughly 2000 years ago, a group of people were out on the night shift, somewhere in the countryside.

It was likely the same group of people who worked the day shift. There was no limit to the hours they put in. And there was no overtime pay either.

Nobody in charge cared about their stress level or their benefits, because they were shepherds. And shepherds were at the bottom of the Judean social ladder.

The fact that those lowly shepherds were the first ones to hear the Christmas message was unexpected.

But Someone thought they were worthy. Someone was

unconcerned about their social status. Maybe Someone did it on purpose.

It's part of the Christmas story that shows us, year after year, that everyone deserves to hear a message of love - no matter their station in life.

Those shepherds must have been filled with total fear and awe.

Imagine, you're out in the pasture, probably half-asleep. Nothing around you but the nighttime and the smell of sheep.

And suddenly the sky lights up and angels, yes angels,

are singing: "Glory to God in the highest, and on earth, peace, goodwill toward men."

The fragile little baby in this Christmas story comes to bring us peace and love. And reminds us every year to spread His love to those around us.

Christmas is a time of joy. But it's also a time of sorrow for many, and we all know someone who could use a kind word or a helping hand.

It might be the family who just lost their mother and grandmother in a sudden accident, or a young man waiting desperately for a heart transplant.

It might be a family going through a financial setback, or a young woman fighting addiction, feeling lost and alone. Or the families of a hockey team who have lost so much but won the hearts of the world.

George Matthew Adams said, "Let us remember that a Christmas heart is a giving heart, a wide-open heart that thinks of others first."

Standing up for Saskatchewan means we look out for each other.

As you go from city, to small town, to countryside in this great province, it amazes me how people do just that - look out for one another.

And they do it in so many ways: through volunteering, fundraising, helping refugee families, and supporting those in crisis.

Saskatchewan people, we reach out to others, always, without question, extending the hand of friendship to those in need.

Around the world and right here at home, our province continues to be a shining example, and I am so proud to call Saskatchewan my home.

So from my wife Krista and I, and our family, and on behalf of my colleagues in the Government of Saskatchewan,

May the wondrous spirit of Christmas fill your heart with peace and love.

And may that same spirit continue to fill you with hope in the New Year.

And may all of you know warmth and joy as you celebrate with those you love.

Merry Christmas and a Happy New Year!

*Jolly.
Happy.
Magical.*

Here's hoping the holiday season brings all of your wishes to life!

Resume for Christmas

Hey! Elf Dreamer here. I'm looking for a job at Santa's work shop!

I need a job. If I don't get a job soon I won't be able to buy Christmas presents for my friends and family.

Santa should hire me to work at the workshop because I would be a really astonishing elf.

Also the kids and other elves would love me! Having extra hands around could be a lot of help plus I would always talk to you and make sure you are updated with all the Christmas info.

Santa should hire me to make toys and wrap Christmas presents.

It would be a lot of help to have a pair of extra hands around during the holiday season.

I would make sure that all the other elves are on task and having fun while making toys or doing any other jobs.

I would also work hard by making two toys in five minutes. I would make sure to be a cheerful and funny elf.

Second reason why I think Santa should hire me is all the other elves would love me and we'd all get along!

It would be good for us all to get along because we would not fight over whose idea we should use for the toys.

Another reason why it would be good for us all to get along is we could hang out on our breaks.

Third I will always talk to you about how the toys are going and what things we need.

It would be useful to have an elf around who is not afraid to tell you if something goes wrong.

It would also be useful because if we run out of wrapping paper, I would be the first to tell you!

My opinion on this is Santa should hire me! He would not be disappointed.

I would be the best and happiest elf he's ever seen! I would be a happy elf and having an extra pair of hands around would be useful.

I would always talk to him about what's going on, and all the other elves would get along with me. I really hope he picks me to work at his work shop.

I guess we will find out later on. Do you think he will pick me?

My Christmas

When I look out my window I see a red light it is shining so bright it's Santa alright. When he comes into the house with his big jolly feet I jumped on my bed it's Christmas Eve. I got out of my room I went to the living room and I saw him eating all my cookies and cream. I ran to my mom and I said, "Santa's here come down here." I screamed, "Santa's actually here!" He turned around and looked at me. Go back to bed it's still Christmas Eve. He tucked me back in my bed then he flew in his reindeer sleigh.
