# take the \$50 challenge

If every person who reads The World-Spectator this week spends \$50 a week locally instead of in the city or online. That will inject \$37,000,000 into our local economy each year!

**\$37 MILLION!**

## what's \$50 a week?

- It's a case of paper for your business bought locally rather than in the city
- It's one meal out in the local area, not in Brandon, Yorkton, or Regina.
- It's one piece of clothing bought in a local store and not online.
- It's one less weekend trip to the city over the course of the year, with that weekend spent checking out something in the local area instead—the Sportsplex, hiking trails, art galleries, theatres and more!

Take the \$50 challenge and support your community!
