REASONS TO Shop Locally

It benefits local non-profit groups
Small businesses provide support to local non-profit groups and organizations

Consumers get more choices
Small businesses offer unique and diverse products that are often not found at a chain-store location.

Your community's economy gets stronger
Money invested in local business is more likely to stay in the community

THE WORLD-Spectator

Love Your Community!

I love the quote "Every time you spend your money you're casting a vote for the kind of world you want!"

I want a world where I walk into a shop and they call me by name, where just left of the cash register is a picture of a local hockey or ball team thanking a business for their support.

A world where a business owner says just take it home, see if it fits your space, if it does just etransfer me, if it doesn't bring it back tomorrow!

I want a world where you forget to pick up the birthday cake and phone an employee after hours and they go pick it up and deliver it to your door!

A world where if my son falls off his bike and skins his knee; a certain business owner knows exactly who to call!

I have this world right outside my door! All of these things have happened to me and I suspect I'm not the only one.

This is the kind of world I want and the kind of businesses I support!

It's Your Community!

When shopping local you're not just helping your community thrive. You're also helping your friends and family thrive. If the local shops don't have the business then they have no need for employees. If people can't work in their community then they must go elsewhere, which means their money gets spent elsewhere. We are all in this together!

"Sunrise Credit Union listened to us, looked at our business plan and was willing to help us get our business started when other banks turned us down. Faces may have changed over the years but not the friendliness and willingness to help. Our business and Sunrise has grown together over the years."

Spend your money where your heart is!

Our local businesses are the heartbeat of our communities. They provide services and products to all of us and the convenience of not having to travel a great distance for required items. Local businesses contribute a great deal to our communities, through taxation and generously donate to sport, cultural and recreation activities. Let's give them the support and respect they deserve.

WAPELLA | WHITEWOOD

Quick, Convenient LOCAL

The convenience of shopping local helps me save time in my day. I work a full time job 5 days a week so I don't have time to organize a city trip. The quality of product you get locally is the same or better than some things you find in the city. The extra mileage and gas in my vehicle that I would use to make that trip isn't worth when you can find things locally. You also don't get the same service that you would locally. A smiling, friendly face that you recognize is always a nice bonus!
