

The background of the entire page is a light blue, textured surface. At the top and bottom, there are clusters of purple flowers with green leaves, appearing to grow from a brown brick wall at the bottom. The flowers are in various stages of bloom, with some being small buds and others fully open.

WE'RE SO PROUD OF OUR BLOOMING GREAT COMMUNITY!

MOOSOMIN IN BLOOM

Communities in Bloom is a national program that recognizes community participation in projects involving beautification, heritage and environmental awareness. It is a great opportunity for communities to generate civic pride and local participation and gain recognition across the country. Participants are judged on the quality of their municipality's green spaces, diversity and originality of its landscaping, general tidiness, environmental awareness, heritage and the level of community involvement.

On behalf of the CIB Committee we ask everyone to pitch in and make sure your yard/business looks amazing for our judging. Everyone can help by keeping your yard/town clean and tidy and put your purple flowers out. Now's the chance to do that yardwork!
